The \$400,000 in HD Units were subscribed by The Diversification of Exploration Investment Partnership (SIDE X Limited Partnership), which was established by the Government of Québec and the Fonds de solidarité FTQ. The mission of SIDE X is to invest in companies engaged in mineral exploration in Québec in order to diversify Québec’s mineral base, encourage new exploration models, stimulate investment in exploration for new commodities and to open new territories with strong discovery potential.

The securities issued and issuable pursuant to the Offering will be subject to a four month and one-day statutory hold period.

Galway Metals intends to use the net proceeds from the Offering to complete the field work on its Estrades property, in western Québec, Canada.
